

Follow these 3 steps to add the **Wear Me** button to your Shopify store. You do not need to know anything about code — just copy and paste.

1 Go to your theme code in Shopify

Log in to your Shopify admin. On the LEFT side menu click **Online Store**. Then click **Themes**. You will see your current theme.

Next to your theme name you will see three dots ■ — click them. A small menu appears. Click **Edit code**.

Home	
Orders	
Online Store	■ click this first
Themes	■ then click Themes
Your current theme [■]	■ click the 3 dots here
Edit code	■ click Edit code

2 Open the file called theme.liquid

The code editor opens. On the LEFT side you see a list of folders.

Find the folder called **Layout** and click on it to expand it.

Inside you will see a file called **theme.liquid** — click on it. The file opens on the right side of the screen.

Templates	
Sections	
Layout	■ click to expand
theme.liquid	■ click this file
checkout.liquid	
Assets	

3 Paste your code just above and save

The file opens on the RIGHT side of the screen. **Scroll all the way to the bottom** of the file.

You will see the last few lines look something like the BEFORE example below.

Click at the end of the line just before **</body>**, press Enter to create a new line, and paste your Wear Me code there. It should now look like the AFTER example below.

Then click the **Save** button at the top right of the screen.

BEFORE (what you see when you scroll to the bottom)	
...rest of the file above...	
</body>	■ you will see this line near the bottom
</html>	
AFTER (what it should look like after you paste)	
...rest of the file above...	
<script async src="https://fit-room.com/widget.js"	■ your code goes here — ABOVE
data-fit-room-key="YOUR_KEY_HERE"></script>	</body>
</body>	■ this stays exactly here
</html>	

■ *After saving, open any product page on your store in a new browser tab. You should see the Wear Me button appear on the product images within a few seconds.*

Stuck? Just reply to the email and we will help you personally — usually within a few hours.
