

Follow these 3 steps to add the **Wear Me** button to your Squarespace store. No coding knowledge needed.

1 Open Settings

Log in to Squarespace and go to your site.

Look for the **Settings** option — it looks like a gear icon  on the left side.

Click it to open your site settings.

Left side menu:	
Pages	
Design	
Commerce	
Settings 	 click the gear icon

2 Go to Advanced → Code Injection

Inside Settings, scroll down and click **Advanced**.

Inside Advanced, look for **Code Injection** and click it.

You will see a few boxes — one for the Header and one for the Footer.

Settings	
General	
Business Information	
Advanced	 scroll down and click Advanced
Code Injection	 then click Code Injection

 *Code Injection is only available on Business plan and above. If you cannot find it, you may need to check your Squarespace plan.*

3 Paste your code in the Footer box and save

You will see a **Header** box and a **Footer** box.

Paste your Wear Me code into the **Footer** box — the bottom one.

Then click **Save**.

BEFORE (both boxes are empty)

Header [empty box]	■ do NOT use this box
Footer [empty box]	■ click inside this box
AFTER (your code is in the Footer box)	
Header [empty box]	■ stays empty
Footer:	
<script async src="https://fit-room.com/widget.js"	■ your code goes here
data-fit-room-key="YOUR_KEY"></script>	
[Save]	■ click Save

■ After saving, open any product page on your store in a new tab. The Wear Me button should appear on your product images within a few seconds.

Stuck at any point? Just reply to this email — we will sort it for you personally.
